- NSB FLEX
 - FLEX service is a “call first” curb-to-curb, flexible transportation service which serves a dedicated area with limited timed stops in the New Smyrna Beach area. As long as you are in the designated FLEX service area, we can pick you up at your curb and take you to any destination within the service area or to the bus stop that connects with Votran's fixed route bus system. Transfers to/from Routes 40 and 41 can be made at Votran's Julia Street and Sams Avenue Connection Point. The vehicle travels within one of three flex designated areas: NSB Mainland, NSB Beachside, or the SR-44 corridor within New Smyrna Beach on the mainland
 - If your trip starts in one flex area and you are going to another Flex area, you will need to transfer at the Votran's Julia Street and Sams Avenue Connection Point. Reservations are required for each trip and will be scheduled “first reserved, first served.”
 - Flex Vehicle - The flex bus is a paratransit vehicle with a seating capacity of 18 passengers (if there are no wheelchairs). Each wheelchair occupies the space of four seats. The vehicle is equipped with seat belts and a bike rack that holds two bikes. Passengers must be seated to ride. The flex bus does not kneel to board wheelchairs at the front of the bus. Passengers who need a ramp are boarded with a lift at the rear of the vehicle.
 - Age Requirements - Children 6 and under must have an escort. Children under 4 and/or under 45 pounds will be required to use a child restraint device provided by the accompanying adult.
 - Service Area - Flex service is available in New Smyrna Beach on the beachside and mainland and will connect with Votran Routes 40 and 41 at Votran's Julia Street and Sams Avenue Connection Point.
 - To use this service, call 386-424-6810 at least two hours before you wish to travel. The call is toll-free from New Smyrna Beach. Outside New Smyrna Beach, please call 386-763-3733. The best time to make a reservation is Monday through Saturday between 7 a.m. and 4 p.m. For early morning trips please call the day before. Reservations can be made up to three days in advance. Remember to schedule your return trip and be at the curb at least 5 minutes before your scheduled pick-up. When you call, you should have the following information available:
 - Your name and the address and ZIP code of your pick-up location.
 - Address and ZIP code of the destination you wish to go to or the fixed route bus stop transfer point at Votran's Julia Street and Sams Avenue Transfer
 - If you will be traveling with a mobility device, such as a wheelchair or motorized scooter.

- To streamline the reservation process, it is recommended you pre-register. Providing your basic information allows staff to enter you in Votran's reservation system, making your reservation quick and easy. Think of the way you ride as having a bus stop at your location. The bus will leave your curb at the estimated pick-up time you are given when you make your reservation.
